The table above shows the performance of DTF portfolios on an aggregate basis after fees, excluding and including franking credits of the superannuation clients, relative to a composite benchmark.

It provides the performance for each asset class (after fees) relative to its respective benchmark. It also shows the asset allocation on an aggregate basis at the end of the period.

The 2019 IRMP (Investment Risk Management Plan) was implemented in two phases in October 2019 and April 2020.
